

This Bible reading plan is designed to go hand-in-hand with our Sunday morning Sermon Series through the book of Exodus. It is planned out so that each week will have you reading the Passage that will be preached that coming Sunday morning.

As you can tell, there are only three days of reading per week which allows for four flex days in that week for you to either do personal reading elsewhere in Scripture those days or get caught up on the reading plan if needed.

We encourage you to carve out time three nights each week to go through this reading plan as a family. Read the chapter for that day and then discuss it as a family. See how God uses it to bless and strengthen your household!
